Hope everyone faired the holidays well. We have had a long winter- not as bad as it could have been-- but we are looking forward to riding real soon.

Remember there is a bounty for new membership; if you get a new member to sign up please try to get a picture of them with their trike so we can put them in the paper or internet. We appreciate you all looking at the website, it takes a lot to keep it going. I have done some playing around with the design for the shirts a few different ideas have taken shape would appreciate anyone's input. If you would like to see some of the designs give me a shout and I will send pictures. We have been out looking for some raffle prizes.

Looking forward to seeing everyone. Not sure if the members that volunteered for the people games or the trike games need help, but if you have ideas and want to help give them a holler.

BBQ RULES

We are about to enter the BBQ season. Therefore, it is important to refresh your memory on the etiquette of this sublime outdoor cooking activity. When a man volunteers to do the BBQ the following chain of events are put into motion:

Routine...

- (1) The woman buys the food.
- (2) The woman makes the salad, prepares the vegetables and makes dessert.
- (3) The woman prepares the meat for cooking, places it on a tray along with the necessary cooking utensils and sauces, and takes it to the man who is lounging beside the grill - beer in hand.
- (4) The woman remains outside the compulsory three meter exclusion zone where the exuberance of testosterone and other manly bonding activities can take place without the interference of the woman.

Here comes the important part:

(5) THE MAN PLACES THE MEAT ON THE GRILL.

More routine...

- (6) The woman goes inside to organize the plates and cutlery.
- (7) The woman comes out to tell the man that the meat is looking great. He thanks her and asks if she will bring another beer while he flips the meat.

Important again:

(8) THE MAN TAKES THE MEAT OFF THE GRILL AND HANDS IT TO THE WOMAN.

More routine...

(9) The woman prepares the plates, salad, bread, utensils, napkins, and sauce and brings them to the table.

(10) After eating, the woman clears the table and does the dishes.

And most important of all:

(11) Everyone PRAISES the MAN and THANKS HIM for his cooking efforts.

(12) The man asks the woman how she enjoyed her 'night off', and, upon seeing her annoyed reaction, concludes that there's just no pleasing some women.

Gene took it one step further, and wanted me to cook the meat and clean the grill. Grill went bye bye and he didn't. To this day, he doesn't understand why he doesn't get grilled steak anymore. LOL

Del and Terry Dash

They are thinking of everyone. But they will not be able to come this year because of the economy. Del has just started a new job, and we all know how that works.
